Grand Master's Message

TIMOTHY D. SANDERS
Grand Master 2017-2018

Brothers, it's that time of year again when all is new, green, young, and growing at a fast and rapid rate.

We the Freemasons of Kentucky are no exception!

Brothers, the Grand Lodge

Never let them forget how

much you love them and how

important they are to you."

Officers and myself are hearing petitions being read and seeing Degree work being conferred

all across our great State from East to West, North to South, and all points in between.

Brothers, Freemasonry in Kentucky is alive and well and growing just as it should be. We are doing just what we should, by working in our communities and letting the morals and virtues we hold so dear to our hearts shine through and speaking for what we

stand for and showing them by our actions. Brothers this is important for our very existence, we MUST REMEMBER TO GUARD THE WEST GATE! Let's not forget what holds us to a higher level of acceptance for which we must always be on guard. It's quality not quantity that is most important for this great Fraternity we are apart of.

It's the obligation of each and everyone of us to safeguard and protect this way of life and to preserve it for those who come after us.

As we have observed this very special Easter time of year, no matter what your own beliefs may be, let us pray united for peace in this troubled world we live in, and cherish our loved ones for our days together are numbered. Never let them forget how much you love them and how important they are to you. I wish I had the opportunity to talk with my Mom

once again and to sit in Lodge with my Dad just one more time.

By now the District Meetings are in full swing. I

hope each of my Brothers enjoyed seeing old friends and meeting new ones. Take the time to shake an old friends hand and greet a new Brother with open arms. Show him the Brotherly love we should always exhibit to each other.

Please remember and consider my thoughts and hopes on adopting the "Landmarks" of our ancient Institution. Please attend YOUR District Meeting to hear more about this and to let us hear your view points on this subject. Please reach out and bring a Brother with you to share in a great day of fellowship, Brotherly love, and the hope we all share for this great Masonic Fraternity.

Remember what I always say "We need to love one another, take care of our widows and orphans, and be the Men we professed to be when we knelt at the altar."

Fraternally Thine, TIMOTHY D. SANDERS

The all fools day, i.e., the April fool's day is the most light-hearted day of the year. How could it not be, it is all about making a fool of the people we love and making them look stupid with practical jokes. The best part is nobody is offended. It certainly celebrates foolishness. But when, where and how it all started? Let's hunt some interesting facts about this funny day:

- **1. When did it start?** As much as we love to celebrate Fools day, we don't know when and how it got started! There are several theories, but none of them is a perfect or confirmed one. If the human were that perfect, we would not have a fool's day right?
- 2. Fools are the ones who don't know about calendar change! The most famous of all the theories is that it got into our lives when Pope changed the calendar in France according to the Roman one. The people who knew nothing about the change continued celebrating New Year's start on April 1st, and the ones who knew about it started calling them fools and thus started April Fool's Day! So, if the ancient days had strong communication system like us and if Pope announced the change in a news channel, maybe we wouldn't be able to fool our friends today!
- **3.** A day to cleanse your mind! Other beliefs say that it came as a day of laughter and celebrating life by throwing away evil thoughts!
- **4. April Fish!** The most famous prank by the French, the originators of Fool's day is to stick a paper fish on someone's body without their knowledge and to shout "April Fish." Sounds so childish and exciting and fun right?? These French people know how to make people look stupid!
- **5. Too ancient to track!** When do you think the first Fool's day got celebrated? Well, the record of the first Fool's day was found out to be in 1392, which means that the celebrations might have started then or before that. Source: thepioneerwoman.com

- **6. Wicked sense of humor? Learn from the older times!** According to Scotland history, they used to call the April fool's Day as 'Hunt the Gowk Day.' Gawk means a fool. A person is sent to deliver a message to another by someone who wants to fool the messenger. The message used to convey the receiver to send another similar message to someone else by the foolish messenger. The game used to continue until the messenger realized that he is being fooled.
- **7. BBC**, **you nailed it!** In 1976, BBC announced that on that day the gravity of earth would be reduced by a certain level and whoever jumped in the air would lightly float in the air! People who hadn't noticed the date might have jumped to realize that mother earth cannot lose its attraction and that's where BBC's mission might have been accomplished.
- **8. Limited fun!** In some counties, the pranks should be played only until noon!
- **9. BBC nailed it again!** In 2008, BBC again telecasted news saying penguins in Antarctica started flying. It's not just that! It stated that those penguins had flown to South America's tropical rainforests. Dear BBC, we love your sense of humor!
- **10.** A two days celebration! In Scotland, people celebrate two days as fools' days! The second is called "Taily day," in which people play pranks only using one's back part. That is they stick papers saying, "Kick me" and so on to one's back and enjoy! This drama is endless, isn't it?
- **11.** A trip to Mars! A travel site once announced on April first that it's offering a trip to Mars for a specified period! A trip to the angry red planet is appealing, but the announcement date would have been checked if not the authenticity!
- **12. Tragic Fools day in history!** In 1945, the weather broadcast department announced a tsunami in Pacific Island on April first and since the many thought that it was a prank, they didn't mind the announcement and what to say next? The big tragedy hit!!
- **13. Royal fool's day!** The Korean royal family is allowed to lie and play pranks on April first.
- **14. Fools mail!** Google launched Gmail on the eve of April fool's day, and everyone thought that it was a prank due to its unbelievably good features! But the company really launched the mail king of today!

Source: ibtimes.com

15. We'll celebrate another day! In many traditions, people do not follow the fool's day on the first of April, but they do follow it on a different day! What's in a date? Fun and fooling is the flavor!!
